Tree Grate

Brico

By Carles Casamor - Marta Gabàs © ® BENITO

Low
maintenance

BRICO designer Tree Grate, total dimensions (length x width x height) 1000 x 1000 x 200 mm, made of unpainted ductile iron (treated with the Ferrus process, the triple-layer protection for iron, which guarantees optimal corrosion resistance). Prepared for self-anchoring with screws on all four parts, flush with the ground, and filling the external gaps with concrete.

Ductile Iron treated with FERRUS: iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, involving an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint. Forged black colour
