

Pole Cilíndrica

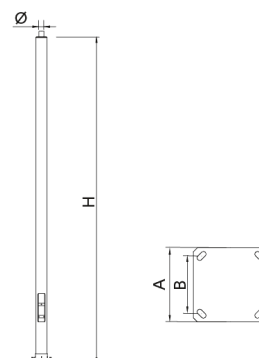

ICCL

AENOR
EN40

Cylindrical Pole manufactured from hot-dip galvanized S-235 JR steel. Total Pole height: 7 to 8 meters, with a top fitting for TOP Ø60 mounting. The base incorporates a reinforcing ring and 4 brackets, providing greater rigidity and stability. Functional design, intended to support luminaires in urban lighting projects and with a minimalist and versatile profile.

Optional:

- Floodlights mounting bracket with adjustable height
- Anti-urine treatment at the base.
- Finished in RAL paint of your choice.
