product

BENITO designs and manufactures sports and leisure spaces for exercising and enjoying the outdoors without limitations.

Work-fit PRO is a professional product aimed at people who want to perform **intensive exercise to strengthen body and mind**.

Each of the designed models contains several elements to allow for diverse and complete exercises to develop complete physical fitness.

A=5240mm 14.5m2 2.38m 2

B=3080mm

Materials:

Structure, Metal: Galvanized and powder-coated RAL3020 posts, highly resistant to abrasion, corrosion, and weathering. Metal parts: AISI-304 stainless steel.

Panels, HDPE: High-density polyethylene characterized by its resistance to chemical abrasives and its resistance to corrosion as a polymer. Due to its elasticity and lightness, it offers high impact resistance, making it very difficult to break.

Nets, Vandal-resistant reinforced rope: 16 mm diameter, 6 braided steel strands coated with polypropylene. Durable plastic connectors.

Screws : Electro-screws and stainless steel 8.8 DIN267, AISI-304.

- None of the materials require special treatment for disposal.
- If the equipment is subject to severe use, the maintenance plan should be increased.
- Do not use the product before completing installation/maintenance.
- See maintenance instructions.

Largest piece (mm): / Heaviest piece (kg):
