

# Spring Sky

JFS11

1+

Certified  
EN1176  
product

The thrill of flying a tandem airplane with friends hanging from the wings. Fun Springs for kids that enhance their learning. Made with durable materials and certified according to EN1176.

A=4230mm 13.40m<sup>2</sup> 0.73m 4

B=3490mm

## Materials:

**Panels, HDPE:** High-density polyethylene characterized by its resistance to chemical abrasives and its resistance to corrosion as a polymer. Due to its elasticity and lightness, it offers high impact resistance, making it very difficult to break.

**Structure, Laminated wood:** Autoclave-treated Scandinavian pine (Class IV). When exposed to variable weather conditions, laminated wood may develop small cracks that do not reduce its durability. Resin and knots are its natural component.

**Metal parts:** AISI-304 stainless steel, hot-dip galvanized steel, and aluminum. Galvanized and oven-painted steel with high resistance to abrasion, corrosion, chemicals, stains, and weathering.

**Screws :** Electro-screws and stainless steel 8.8 DIN267, AISI-304.

- None of the materials require special treatment for disposal.
- If the equipment is subject to severe use, the maintenance plan should be increased.
- Do not use the product before completing installation/maintenance.
- See maintenance instructions.

Largest piece (mm): 1640x460x280 / Heaviest piece (kg): 25.50

**IMPACT ZONE:** Required safety surface. Floor covering in accordance with EN1176-1:2017 is recommended.  
Spare parts availability: 10 years.

Ground anchoring screws not included.
