Materials:

Panels, HDPE: high-density polyethylene characterised by its resistance to chemical abrasives. As a polymer, it is unaffected by corrosion. Due to its light elastic nature, it offers high resistance to impact, making it very difficult to break

Platforms, Phenolic: birch plywood coated with a phenol film on both sides. Wire mesh anti-slip surface. Waterproof lateral protection.

Fixings: electro galvanised and stainless steel quality 8.8 DIN267, AISI-304.

- None of the materials requires a specific treatment for its disposal.
- If the product is subject to severe use, maintenance should be increased.
- Don’t use the product before the installation/maintenance is ready.
- Please check the maintenance instructions.

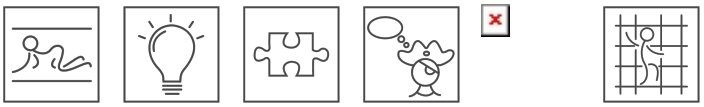

Biggest part (mm): / Heaviest part (kg):

IMPACT ZONE: security area and ground coverings according to the EN1176-1:2017 standard.

Spare parts availability: 10 years.

Ground anchoring screws not included.
