

Hidra Compo

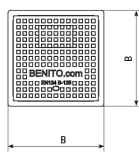

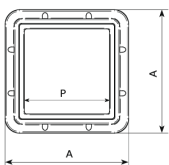

THCO40AT

THCO50AT

THCO60AT

Hidra Compo is designed to support pedestrian traffic. In particular, pavements or similar surfaces.

- Made from a composite material.
- Compliant with the European standard UNE EN-124.
- Closure with two screws (THCO50AT and THCO60AT)
- Resistant to corrosion.
- Anti-theft.
- Noise reduction.
- Electric insulation.
- Lightweight and easy to handle.
- Groove to facilitate the opening process.
- Metal non-slip surface.
- Environmentally friendly
