The NEOBARCINO PREMIUM Double Bench features a contemporary design, ideal for urban spaces requiring a robust, elegant, and highly durable solution. Overall dimensions: 3000 x 835 x 710 mm (length x height x depth). It has cast iron legs with a hammered grey finish. Six natural tropical hardwood planks are fitted directly into the bench to ensure precise integration, enhanced structural stability, and a clean, polished finish. The wood is treated with a triple-layer Lignus coating, providing fungicidal, insecticidal, and water-repellent protection, making it suitable for outdoor use. The bench is prepared for anchoring with M10 expansion bolts, depending on the installation surface and project requirements. Optional (not included): customizable branding with a 74 x 35 mm aluminum plate or a milled plank.

Ref.	A	B	C	H	H1
UM304R	1800	710	450	835	460
UM304SR	700	710	450	835	460
UM304LR	3000	710	450	835	460

We offer the possibility to customize the product through personalized marking to enhance your corporate image:

- 74 x 35 mm aluminum plate with screen printing.
- Board machined by milling.
