Controlled logging

Graffiti protector

MINSK design Bench overall dimensions (length x height x depth) 1800x820x590 mm, manufactured with ductile iron legs (treated with the Ferrus triple-layer protective process for iron, guaranteeing optimal corrosion resistance). Finished with epoxy primer and polyurethane top coating, antifungal, bactericidal, and water-repellent protective agent). Wrap-around cast iron feet, 50 mm diameter, 825 mm height, 140 mm width. Five natural tropical hardwood planks (treated with Lignus triple-layer coating, antifungal, bactericidal, and water-repellent protective agent). Stainless steel screws. Prepared for anchoring with m10 expansion bolts depending on the surface and project.
