

Bench

Kube Plus

Precast Concrete Hard wood

KUBE PLUS 2000 designer Bench , total dimensions (length x height x depth) of 2000x110x35mm for the seat and 1200x110x35mm for the backrest, made of rough-looking granite-grey prefabricated concrete and bench made of tropical wood planks (treated with a triple-layer Lignus coating, a fungicidal, insecticidal and water-repellent protector) in a natural finish. It can be placed in single elements or in groups. Supported on a prepared surface, by its own weight.

Concrete: Reinforced concrete with a pickled and water-repellent finish. Manufactured with cement, sand, and gravel embedded within a metal structure. Shot blasting results in a high-quality, durable texture.

Gray

Hardwood treated with LIGNUS: Wood from responsible forestry. Density greater than 930kg/m³, at 12% humidity, treated with a triple-layer LIGNUS coating, fungicide, insecticide, and water-repellent that provides protection against moisture penetration. Final finish with a layer of natural pigment in a satin finish, which provides additional protection against UV rays, the main cause of deterioration in this type of material.
