

UM511-2M

Fountain

# Atlas Doble

Inclusive  
Product

M10 bolts  
fixing

**ATLAS DOUBLE** designer fountain set, total dimensions (length x width x height) 1136x300x1010 mm, made of iron (treated with the Ferrus process, the triple-layer protector for iron, which guarantees optimal corrosion resistance), includes a nickel-plated steel push-button tap fixing plate (UM510G). Angle frame and Drain grate are made of galvanized steel. Prepared for anchoring with 4 M12 expansion bolts according to the surface and project.

**Steel with FERRUS treatment:** an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
