Terrier designer Fountain , total dimensions (length x height) 300 x 1010 mm, made of steel (treated with the Ferrus process, the triple-layer protection for iron, which guarantees optimal corrosion resistance), stainless steel bowl, includes taps, water inlet hose, and drain pipe. Exclusively for dogs, eco-friendly. Prepared for anchoring with four M8 expansion bolts according to the surface and project.

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
