

# Speed Reducer SCUAB

VBA30

Made of recycled rubber with vulcanised built-in yellow bands. Eco-friendly product. Respectful with the environment. Does not produce noise pollution, soundless when vehicles pass over it. High robustness, shock absorption, high resistance to abrasion, ozone and UV rays.

Ref.	A	B	H
VBA30	1700	1700	60
VBA32	1700	2200	60

Easy to install, this speed bump includes clamping washers within the rubber structure itself.

**The speed bump is recommended for speed control purposes in residential neighbourhoods, shopping areas, schools, etc.**
